

Get your business credit score for free

Connect to the Nav app on Clover to stay in control of your business credit

Nav has partnered with Clover to give you instant access to your business credit scores along with tools to help you understand and monitor your business credit. The free Nav app automatically appears on your Clover. All you need to do is connect!

The Free Nav plan is the only place you can:

- Access your Experian and Dun & Bradstreet business credit scores in one spot
- Get insights on what's impacting your scores, such as tradelines, judgements and liens
- See score trends and get standard alerts when changes occur on your reports

Did you know business owners who understand their business credit scores are 41% more likely to be approved when applying for a bank loan?

How Nav helps you

Your business credit scores can change often. Stay on top of your business credit by checking it with Nav every month.

Building and maintaining strong business credit pays off:

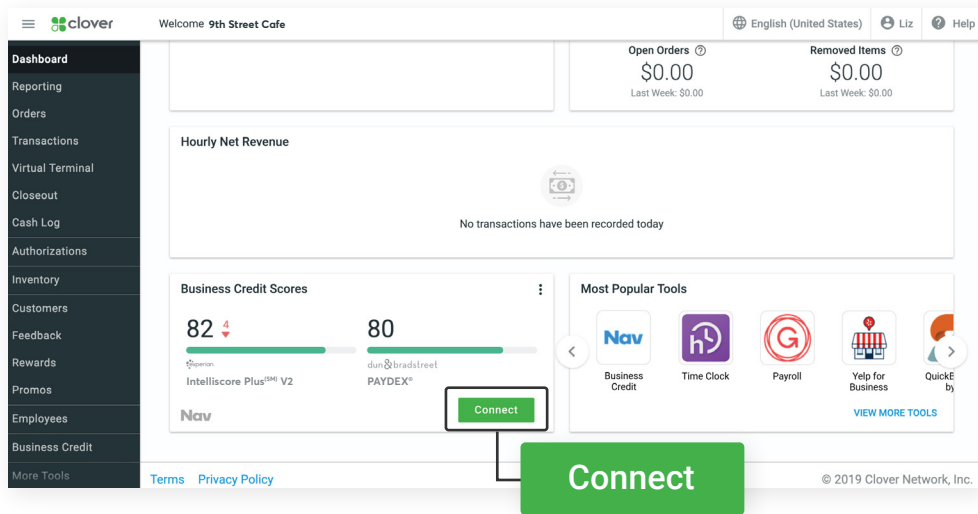

Qualify for better rates and terms

Secure more favorable net terms with vendors

Manage cash flow issues

It's easy to connect to the Nav app

1. Log in to your Clover account at clover.com/dashboard
2. Click 'Connect' on the Nav widget on Clover

More than 1 million business owners have accessed their business credit data through Nav.

Option to Upgrade to Nav Premium plan - only \$19.95/month

Review your full business credit report before you apply for any business financing to check for errors and ensure your information is accurate and up to date.

With Nav Premium, you get:

Fully-detailed business credit reports with recommended actions

24/7 monitoring and advanced alerts to important changes on your reports

Full control to upgrade or downgrade your subscription as it suits your needs
